I called a local security service and asked if they knew anyone that monitors alarms. They gave me

Davco

Ask for Vic

They monitor alarms for Comcast and at least one western Mass. Company.  
Vic said they monitor existing systems and would be interested in responding to an RFR  
I told him that Kristen might give him a call to get more information.

Also I came across the attached response to an RFR from DEP in Lakeville, but it is not a statewide contract. I don't know if they work with existing systems.
